BULBS AND TREES

FOR Fall Planting

B R A R Y

RECEIVED

ALTHOUGH not listed in our general catalog of thin shelled grafted nut trees, we have been handling Holland Bulbs for several years.

We have just received word from Holland that, due to the severity of last winter, the bulb crop will be unusually small, many houses being unable to ship any. We suggest that orders for tulips be placed immediately as the supply is limited and prices are increasing. The Narcissus, however, are grown in this country and a supply of quality bulbs is available. We suggest that this year you concentrate on this most delightful variety of the spring Flowers.

At Last a Book on Nut Trees and the Value of Tree Crops in America

By J. Russel Smith

This inspiring and comprehensive work sets forth in startling reality the necessity of America's retaining her surface soils and shows how it can be done by planting permanent crops—namely Trees. It contains 333 pages and a great many pictures which show actual results in nut tree growing. It is a liberal education in tree crop culture. Price \$4.00 P. P.

If the book does not meet your expectations, return it within 10 days and your money will be refunded.

For the city farmer nut crops are the most profitable
